October Professional Development Meeting

Plant Tour - Solutia (Division of Eastman Chemical Company)

Solutia has recently been acquired by Eastman Chemical Company in a 4.7 billion acquisition. The company is a leading provider of chemical based solutions providing a wide range of products used in our daily lives. Join us for a tour of the local plant in Anniston Alabama on Sep 19, 2013.

Education Corner

By Dr. Gary Landis, APICS Master Instructor, CFPIM, CSCP, CIRM

The NEAL Chapter of APICS is pleased to announce that we are starting our new year. The great news is that the Anniston Chamber of Commerce is co-sponsoring an Educational Event on Thursday, September 12, 8:00 to 12:00 A.M. The class, "Customer-Focused Supply Chain Management", is open to the public.

In support of this concept, APICS is the premier supplier of Supply Chain Education. Managing one's supply chain has become the main driver behind improving productivity and profitability. With suppliers and customers now global, the complexity of managing business has increased drastically. In order to support these efforts, APICS provides a series of workshops leading to certification. One certification is CPIM (Certified in Production and Inventory Management) and the other is CSCP (Certified Supply Chain Professional).

The NEAL APICS Chapter will offer the CPIM series as listed below in the Education Schedule. Each workshop is offered in four one-half day classes.

The CSCP series can be offered if enough demand is generated. This series has two to three full-day workshops with one final exam. This can be provided in-house for a specific company or as a public workshop.

Education Calendar

Date	Event	Topic	Instructor	Location

REGISTRATION DEADLINE: October 30th, 2013

INSTRUCTOR: GARY LANDIS, CFPIM, CIRM, CSCP

Gary Landis, President of G.A. Landis Associates, has had experience as both consultant and practitioner in the field of Materials Management. Mr. Landis understands that the business world has become extremely complex and global in terms of customers, suppliers, and competitors. He has held positions with Unysis Corporation, Clow Corp., Allis-Chalmers and General Motors, just to name a few. Mr. Landis' M.B.A. Comes from Kent State University, and his Ph.D. from University of Alabama. His accomplishments have included serving as President of APICS at the national level, certified in Production and Inventory Management at the fellow level and also certified in Integrated Resource Management. He is also the Conference Chair for the APICS 50th Anniversary 2007 International conference in Denver. Gary will bring to these seminars his expertise along with a professional view of these topics. Plan on attending this seminar to give you the professional advantage in today's marketplace.
